TO-DAY'S GAMES. Wheeling at Columbus.

Fort Wayne at Dayton,
Youngstown at New Castle,

Wheeling defeated Columbus yesterday afternoon before the largest crowd of the season, nearly 3,000, by a close The visitors struggled under a handleap of five runs scored by the Stories in the opening inning, but not discouraged, they kept pegging away and were soon on even terms with the home team. Had they cut out their ragged field work they would have been winners, as they outbatted the locals 10 to 9. Skopec and Mahaffey were the pitchers, and the latter carried off the honors. Skopec didn't pitch up to standard of the victories over the New Castles and Youngstowns. Features of the game were hair-raising catches by McAllister and McCann, of the visitors; it must be conceded that Riley has a very strong outfield. For the Wheelings Meany played a great game in right field, two of his catches coming in the ninth inning with two Senators on the bases, when gilt-edged fielding was needed to cut down the aspirations of the Buckeye crowd. Rothermel again played a bang-up game at short.

Wheeling got a start in the first inning that won the game. Meany managed to meet the first ball Mahaffey pitched in the ribs, and on an erro hy Cronin, Taylor was safe. A base on halls to Lyons filled the bases. An-other error and Turner was safe, Meany scoring. Congalton's fine two-base hit scored Taylor and Lyons, and Rothermel's single brought in Congaiton with the fifth run of the inning. Bases or balls for Pequinney and Boyd filled tha bases, but on Skopec's infield hit a double retired the side.

Columbus broke into the run column to the extent of one in the second, when O'Connor hit for a single and advanced to second on a passed ball. Cronin struck out, but Beyille's clean single scored O'Connor.

The visitors tied the score in the fourth. With Cronin an out, Beville walked, Mahaffey singled, Bradley walked, Francis hit for a base and Wilson hit for a two-bagger, four runs re-

sulting. In the sixth Wheeling again went into the lead on Pequinney's base on balls, one of the same kind to Boyd, Skopec's

elegant sacrifice and Meany's out. In their half the visitors again tied, on Francis' single, Wilson's second two-bagger and McAllister's base hit. Wheeling won the game in the sev-enth, when, with one hand down, Tur-

ner hit for a single, but was doubled up at second on Congalton's infield hit. Rothermel hit for a base, Congalton going to third. Rothermel advanced and Pequinney's nice single scored both run The latter tried for a steal, but Beville's throw to Wilson was a beauty

Columbus made a desperate effort in the ninth, but was unable to score.
McCann led off with a clean one for one buse, and on Pequinney's error McAl-lster was safe. O'Connor sent one to deep right that Meany pulled down in fine style, and Cronin repeated the trick Monny's catch being the mosbrilliant feature of the afternoon. Baville ended the agony by sending a lifer to Rothermel that the latter accepted in brilliant style, Score: AB R. BH. PO. A. E.

Before yesterday's game the Columbus and Wheeling players were arrested by Constable Stochr, of Justice Rogers court, and gave bond for their appearance this morning at 9 o'clock, when the case is to be continued until May 15. The club's attorney will contest the arrest of yesterday on the ground that the game was played for charity, \$25 going to the Protestant Children's home and \$25 to the Catholic Boys' and Girls home, at Elm Grove. The state law on the subject of working on the Sabbath is cited in support of the club's contention. Works for charity are exempted, it is claimed.

The Wheeling and Columbus teams left at 11:25 last night for Columbus, where the Inter-state season will opened this afternoon. Great prepara-tions have been made and a recordbreaking crowd is anticipated.

During the progress of yesterday's game it is said twenty-one warrants were sworn out before Justice Larue but for some reason they were not served.

The Columbus Dispatch has compiled the team fielding and batting averages of the league for the opening series. While Wheeling does not figure among the hardest hitting teams in this series it must be remembered that the Stogie were up against the '99 champions, admittedly a very strong team. It is a rare testimonial to the Wheeling pitchers that opposing batsmen hit only at a .092 gait, and New Castle scored fewer runs than any of the other teams, and made but nine hits in the three games Wait until Wheeling has batted around the circuit, against bad pitchers as well as against the crack corps of the New Castles, and then the locals will not be sixth in batting-they will be leading or

Referring to the Intelligencer's suggestion that Columbus could have had Betts, Miller, Dobbs and Lynch if Riley hadn't supercitiously stood off, the Col-umbus Dispatch says; "Now, Mr. Intelligencer, that is a dirty roast. If there are any more of this kind standing in type around the circuit it will be appreciated if they are released at once. Let us have them all together. It might be that the Columbus management could use some of those men by the time they strike Wheeling. We shall

SUMMER BOWLING

Tournament to Open at Mozart Park This Evening.

To-night the summer bowling tourns ment opens at Mozart Park, and ment opens at Mozart Park, and the contests promise to be of unusual in-terest, as the teams are very evenly matched, and the games will be hot matched, and the games will be not from first to last. The contestants will be the famous White Buffalo Rough Riders, under Col. William Schmid, and the Henry George team, captained by Bert Pickett. The namesakes of the great economist are comparatively new at the game, but fully expect to give the White Buffalos a chance to do some rough riding. These teams will roll on alleys No 1, 2, 3 and 4, and while they are doing battle on one side the C. C. C. and Korn Kobs will be after one another's gore on the other side of the building. The Kobs and Cyclers are ancient enemies, so a red-hot scrap may be expected. As far as can be learned the teams look to be nearly equal regarding strength of to-night's line-up. at the game, but fully expect to give

BELLATRE HAPPENINGS.

Matters of Interest in the Metropolis of Belmont County.

With the old Aetna glass plant re-vived and giving employment to three or four hundred hands, the Bellaire bottle works increased to employ that many more by reason of the improvements, Bellaire is indeed at the top notch in the way of industries. three enameling plants here and the larger and improved steel works now place industries employing skilled and unskilled labor here at a higher mark than ever before. There are no vacant iouses now, and the few that are building are all engaged in advance, so that ing are all engages in advance, so that the building trade is sure to be stimu-lated when the demand for additional labor in the new factories about to start bring in new people. Though this body has taken action to cut down the plans of the proposed new city buildings to bring them within the \$40,000 limit, there is a growing feeling that the plans as submitted and adopted could probably be compiled with when there is a settling down in the prices of building materials, and since this is to be a permanent improvement, for which there is no pressing necessity, the policy of awaiting developments without further action may be adopted. the policy of awaiting developments without further action may be adopted. Thomas McGough, the district deputy mine inspector, who will be commissioned this week under the new state inspector, was in the city Saturday with his weight tests in obedience to the call of the miners at Wegee, who are out on a strike on various complaints, all of which will probably be adjusted tomorrow. Mr. McGough has filled his place to the satisfaction of all the people concerned, and had practically no opposition for erappointment.
